## EXPECT 500,000 TO WALK OUT

Leaders Obey Strike Injunction but the Men Heed of It Too Late

(Associated Press)  
Chicago, Nov. 1.—Upwards of 390,000 bituminous coal miners throughout the country are on strike today, in response to the general strike call, according to reports received by union leaders. Despite the federal injunction issued at Indianapolis, union leaders, who generally stated they would disregard it, asserted the strike today would extend to more than half a million men.

The walkout throughout the country is orderly.  
**LEADERS ARE LETHARGIC**  
Indianapolis, Nov. 1.—Headquarters of the United Mine Workers of America here is the most lethargic center of strike activities in the country. Backing a provision in the restraining order issued by Federal Judge Anderson yesterday, compelling the miners' officials to refrain from taking part in conducting or encouraging the strike of miners, union leaders apparently are obeying the order to the letter. They not only decline to give out statements and reports concerning the strike, but will not discuss plans for combatting the action of the government in the courts.

**CONFISCATING COAL**  
Government Doesn't Intend to Have Transportation Interrupted

(Associated Press)  
Detroit, Nov. 1.—The seizure of coal in transit has begun at many points in Michigan under orders of the railroad administration as a precautionary measure in view of the miners' strike so that the needs of the railroads can be met.

**ENTERTAINMENT UNDER AUSPICES AMERICAN LEGION**

There will be an entertainment at the Temple Theater, Sunday, Nov. 9, under the auspices of the Marion County Post of the American Legion. Besides an address by Dr. Murphree of the University of Florida, there will be a musical program. The latter will be under the leadership of Mr. Lester Lucas, and the program will be announced in a few days.

## INTENDED TO MARCH ANYHOW

West Virginia Miners, However, May be Sorry that They Went

(Associated Press)  
Charleston, W. Va., Nov. 1.—Several hundred striking miners left the Cabin Creek country this morning to march to Charleston, despite orders of their district officers forbidding the march, according to information received here.

**SEVEN BODIES RECOVERED**

But Hardly Any Hope that Any are Alive in the Amsterdam Mine

(Associated Press)  
Amsterdam, O., Nov. 1.—With the recovery of seven bodies from the coal mine here last night, officials today held out small hope of the remaining thirteen miners being alive after being imprisoned for seventy-two hours.

**DOUBLY INTERESTING PLAY AT THE TEMPLE WEDNESDAY NIGHT**

"Hitchy Koo" will be seen here Wednesday night, Nov. 5. Incidentally from reports that come from the box office, this far-famed musical comedy revue will be seen by more people of this city than have turned out for a road attraction since before the war. The reason is not hard to find. It is seldom that an attraction comes to this city direct from a run of two solid years in New York, with a guarantee that this is the original production, scenery and costumes guaranteed to be absolutely intact.

Owing to the magnitude of the production, it is announced that the curtain will rise promptly at 8:15, and as one of the funniest "stunts" in the entire performance is said to take place, in the midst of the theater audience itself before the rise of the curtain, it behooves everybody to be seated on time. There are thirteen dazzling beautiful scenes in "Hitchy Koo" in most of which that cutesy chorus of sixteen "sweet sixteens" disport themselves merrily. While the youngsters are rushing out of one costume into another, the fifteen clever principals of the company prevent the audience from becoming restive by appearing before a tableau curtain, singly and in pairs, and doing the specialties which made them famous headliners in "big time" vaudeville.

Verily, it sounds like a fairly exciting and enjoyable evening.

**SMALL VESSELS DRIVEN ASHORE**

(Associated Press)

## OBEYED THE INJUNCTION

(Associated Press)  
Fargo, Nov. 1.—The lignite coal miners in North Dakota did not walk out today. Orders were received just before midnight from the district president of the union countermanding the strike order.

**NO CALLERS PERMITTED AT MARTIN'S BEDSIDE**

(Associated Press)  
Charlottesville, Nov. 1.—Although Senator Martin spent a restful night and was able to take some nourishment this morning, there is little change in his condition. The senator's brother announced that the senator had reached the limit of his recuperative ability. No callers are permitted.

**CASH AND CARRY**

Ocala is shortly to have an institution that has for some time been enjoyed by the citizens of other cities—a cash and carry grocery store.

The first one of a chain is to be located in the Harris building just south of the postoffice.  
The name of the new store is to be "U-Serve," which indicates the nature of the service to be expected. The customer waits upon himself, pays the cashier, and carries away his purchases, thus doing away with an immense amount of overhead expense which must necessarily be paid by the customer where free delivery and other accommodations are in vogue. The new store will probably be in operation by next Saturday, and no doubt it will be the center of attraction for those who care to economize by doing their own delivering, as it is proposed to sell at a lower price than the regular retail stores do.

If the venture proves popular other stores will be opened in different parts of the city under the same management as the "U-Serve."

**CHRISTIAN SCIENTISTS WILL MOVE**

Beginning Sunday, Nov. 2, the Christian Scientists will begin having their services in Room 5, second floor, Merchants' block, over Hunter's Cafe. Sunday services at 11 a. m.

**SHADY**

**A VETERAN OFFICER**

Jacksonville, Nov. 1.—With the appointment of Major Lorin A. Greepe as director of the bureau of venereal diseases, the State Board of Health will launch a vigorous anti-venereal disease campaign that will reach into every section of Florida and is expected to accomplish telling results within the next year.

Major Greene has one of the most brilliant military records in Florida, having served six months on the Mexican border, in addition to his two years' service with the American Expeditionary forces. He was adjutant of the First Florida Field Hospital when that unit went to Mexico in October, 1916, and was placed in command of the hospital in March 1917, when Major Raymond C. Turck resigned after its return to Florida.

The unit went to Camp Wheeler in August 1917, in command of Major Greene, who was later made division sanitary inspector of the Thirty-first Division. He went overseas acting as division surgeon of that unit in September 1918, and was transferred to the 82nd Division as regimental surgeon with the 320th Field Artillery. He later was made director of field hospitals and finally placed in command of the sanitary train of the 82nd Division, bringing that outfit back to the United States in May 1919. Arrived in this country, he was sent to Fort Sam Houston, Texas, as adjutant with the department base hospital, serving there until he was discharged from the service in October 1919.

Major Greene's appointment as head of the venereal disease department was made by the State Board of Health with the endorsement of the United States Public Health Service. He also holds a commission as surgeon in the public health service.

## PIRATES ROBBED THE PASSENGERS

Black Sea Steamer Held Up and Looted, but Some of the Mischief Captured by British

Constantinople, Nov. 1.—Pirates concealed in the steerage of the steamship Maria overpowered the crew while the vessel was recently bound from Novorossysk to Batum, and robbed the passengers, obtaining fifty million rubles. British police later captured several of the pirates.

**PERSHING'S OPINION**

Our Leading Military Officer Sees No Need of a Big Army

Washington, Nov. 2.—Disagreeing with war department recommendations for a permanent army of 500,000 men, Gen. John J. Pershing yesterday told a meeting of the Senate and House military committees that he thought the number could be placed at an outside figure of 275,000 to 300,000 and possibly less.

The cost of maintaining a large army, the general said, was a large element, which in his opinion, would make it impracticable to set the figure any higher.

"Military training makes better citizens," he said. "Its benefits should be extended to all our young men. Through service, it increases their physique, broadens their view of life and it is democratic."

With universal service established, he said, the military establishment could be made up, first, of a small party of regulars—sufficient for an expeditionary force—which may be called out to sustain our obligations on the European continent and to garrison outlying positions—which would be backed up by a force in training, and behind that a citizen's reserve.

Gen. Pershing discussed in detail the army reorganization bills pending in Congress.

**Transport Corps Needed**

"In our experience in France," he said, "it became evident that a transport corps to include all classes of personnel, rail, water and highway, should be maintained. The experience with the air service makes it certain that this will be an element of increasing importance in warfare. America should not be allowed to lag behind other countries. It might be well to consolidate air forces, military, naval and commercial, under a single head as an assistance to progress."

The general also urged retention of a tank corps. He also said the nurse corps deserved recognition, and he praised its service during the war. "It is necessary in time of war that the service organization be left to the president," he said, "and I believe the authority should be left to him in time of peace."

**REVIVAL SERVICES AT THE METHODIST CHURCH**

Last night the song service at the Methodist church led by Mr. Boyd and accompanied by Mr. Twilley with the large choir with voices all over the church, was the best yet. The solo about Jesus, the birds and the foxes, sang by Mr. Boyd was the sweetest thing ever heard in the Methodist church. Evangelist Dunaway preached to a large congregation on "Ye Are My Witnesses." It was a plain and pointed message. At the close of the service several knelt at the altar praying to be good and faithful witnesses for God. No services tonight.

**HAPPY TIME FOR KIDS**

At the home of their parents on Fort King avenue, Maude, Frances and Wilbur Gary entertained their friends with a masquerade party yesterday. In the absence of their mother, Mrs. W. T. Gary, who is in Jacksonville with her father, Dr. W. F. Yocum, Mrs. E. T. Helvenston, the children's aunt, and Mrs. A. C. Cobb looked after the pleasure of the happy company.

In a tent on the lawn the fortunes of the young folks were told by an old witch, and from a witch's cauldron in the living room punch was dispensed. Came in keeping with the Halloween spirit were enjoyed, and the costumes worn were pretty and appropriate, those worn by the young host and hostesses being especially artistic, and were sent them by a friend in New York.

**A HALLOWE'EN PARTY**

The younger society set enjoyed a delightful masked party last night, the guests of Miss Mildred Bullock at the residence of her parents on South Third street.

Festoons of orange and black with pendant black cats arranged from the four corners of the reception room, provided the Halloween note to the decorations, an exceptionally clever idea of the moon man and all, being carried out in the dining room with a toy balloon.

The victrola furnished music for a grand march, which gave an opportunity for the display of the handsome and appropriate costumes worn. This march was led by the young hostess and Mr. Charles Brittain. Look and many spirited games of the season were enjoyed, quantities of confetti being thrown, which added to the pleasures of the evening. The guests unmasked about 10 o'clock.

Small chocolate and vanilla cakes, carrying out the Halloween color scheme, were served with the punch, which was dispensed by Mrs. W. K. Lane on the front porch, and others assisting were Mrs. T. S. Trantham and Miss Musie Bullock. Dr. W. K. Lane presided at the victrola.

The young people invited to this affair were the school mates of Miss Bullock and other friends.
